Sheriffs Department and MCFA

MCFA's Executive Director met at the Justice Center with Sheriff Tommy
Jones and Chief Deputy Chris White to discuss a partnership going
forward. There were discussions of fundraisers, training for shelter dogs,
and other programs that would benefit the community as a whole. There
will be more details to report as soon as we work on the details.

A special thanks to Deb Moore and Angelena Kelley
for bringing this together.

Good things are happening!

Planning Commission approved the Plat.

HUH? What is a Plat you ask?

A "plat" is a plan or a map of a plot of land, especially used in construction site mapping. A plat map includes a description of the land and everything on it, including roads, boundaries, and real property.

Learning about property plats can help you understand your rights as a landowner, and begin the development process within the legal boundaries of your county code.

The Planning Commission approved the Plat recently donated to MCFA for the placement of the new shelter. Numerous signatures are required before the plat can be filed. This will include 911, the highway department, the electric company, the water and sewer department and the Kefauver family (who owns part of the road). Engineering will get these signatures for MCFA and should have this accomplished within the next two weeks.
